

# Campus Wide Seminars in Biomedical Sciences

## Weekly Calendar

**November 27 to December 1, 2017**

Time	Activity	Speaker	Seminar Title	Location	Series
<b>Monday, NOVEMBER 27, 2017</b>					
1:45 PM	Seminar	<b>Christine Hendon, PhD,</b> Columbia University	Translational Optical Imaging	BME, Atrium	Host: Robin Yarborough Department Administrator
<b>Tuesday, NOVEMBER 28, 2017</b>					
12:00 PM	Seminar	<b>Susan M. Rosenberg, PhD</b>	Regulated mutation and evolution, and discovery of cancer-gene functions in bacteria	ICPH - 1st Floor Auditorium, Newark	Host: Carla Monica Lopez
<b>Wednesday, NOVEMBER 29, 2017</b>					
12:00 PM	Seminar	<b>Predrag Radivojac, PhD,</b> Indiana University	How Useful Is Your Genome? Methods for Understanding Molecular Mechanisms of Disease and Genome Interpretation	Proteomics, Room 120	Host: Michelle Sanghera IQB and CABM seminar Program
2:30 PM	Seminar	<b>Sonia M. Najjar, PhD,</b> <b>John J. Kopchick, PhD,</b> Ohio University	A novel mechanism linking insulin resistance to non-alcoholic fatty liver disease	Room 205, Ifnh, Cook Campus	Host: Laura Amador
4:00 PM	Lily and George Boxer Memorial Lecture	<b>Li Huei Tsai, PhD,</b> MIT	Network Level Approaches to Studying Alzheimer's Disease	West Lecture Hall, Piscataway	Host: Zamina Abdelhamid
<b>Thursday, NOVEMBER 30, 2017</b>					
4:00 PM	Seminar	<b>Dr. Elizabeth Nichol</b>	Biodiversity and ecosystem services across a habitat loss gradient: thresholds, tradeoffs and traits, oh my!	Alampi Room, Marine Sciences Building, Cook Campus	Host: Marsha K. Morin

## Campus Wide Seminars in Biomedical Sciences

Weekly Calendar

**November 27 to December 1, 2017**

Time	Activity	Speaker	Seminar Title	Location	Series
6:00 PM	9th Annual Global Health Fair	<b>Stephen W. Nicholas, MD,</b> Center for Global and Population Health, Columbia University	Whi Cares About the Rest of the World? The moral lives of doctors who care about those less fortunate than themselves.	CAB, room 1302, NB	Host: Christina Rozario
<b>Friday, DECEMBER 1, 2017</b>					
9:15 AM	Seminar	<b>Ryan N. Dilger, PhD,</b> University of Illinois	Assesing NeonatL Brain and Cognitive Development in the Preclinical Piglet Model	Foran Hall, Room 138A, Cook Campus	Host: Nick Bello Seminars in Endocrinology and Animal Bioscieces
1:00 PM	Seminar	<b>Dr. Ramunas Stepanauskas</b>	Cell's genomic individuality: New window into microbial ecology and evolution	Marine Sciences Building, Cook Campus	Host: Lindsay Robinson
3:30 PM	Seminar	<b>Arek Kulczyk,</b> The Center for Integrative Proteomics Research	Fermentation Club Seminar: Cryo-EM and single-molecule studies of the replisome structure and dynamics	Alampi Room, Marine Sciences Building, Cook Campus	Host: Lindsay Robinson
