

RUTGERS

School of Arts and Sciences
DEPARTMENT OF CHEMISTRY
AND CHEMICAL BIOLOGY

Ph.D. Students: Course Checklist

- Intro to Research, 16:160:603, (1 credit):
Must be completed in the first semester of graduate study

- Research Colloquium, 16:160:607, (1 credit):
Must take this course 2 times within first two years of graduate study

- Research Colloquium, 16:160:608, (1 credit):
Must take this course 2 times within first two years of graduate study

- Seminar in Chemistry, 16:160:611, (1 credit):
Must be completed in the third semester of graduate study

- Seminar in Chemistry, 16:160:612, (1 credit):
Must be completed in the fourth semester of graduate study

**All students must take an additional 15 credits of lecture courses
(graduate level, >500), approved by your adviser.**

<i>Title</i>	<i>Course Number</i>	<i>Credits</i>

The remaining credits will be in Research Chemistry (16:160:701-2) or Independent Studies in Chem (16:160:601-2).

* You must also include your fellowship, TA or GA appointment on your schedule each semester.

Total Credits Required: 72
